EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Aker on 4/16/2007.

The application has been amended as follows:

Cancel claims 39-44.

Amend the specification, paragraph [.0024], line 20, after Silk TM
insert - -(Trademark from Dow Chemical Company),- -.

In the specification, paragraph [.0021], lines 4-5, delete the terms
"Docket...YOR20030488US1)", and insert - - 10/639,989- -.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: claims 1, 9-13, 27, 34-38 are allowed over the prior art of record. The prior art of record fails to teach the membrane made from the specified composition on the particular support materials and having asymmetric structure. Coating siloxanes, silsesquioxanes or polycarboxylanes on a silicon wafer is known in the art, however, forming a composite membrane including the silicon support as claimed in claims 1 and 27 is not suggested. Allowability of claim 1, 9-13, and claim 26, which limitation is now included in claim 27 we indicated in a prior Office action.

Art Unit: 1723

Claim 39 and dependent claims were canceled based on the discussion of patents 6,383,386, and 7,139,885, which teach the membrane of supported polyimide in silicon or silicon oxide.

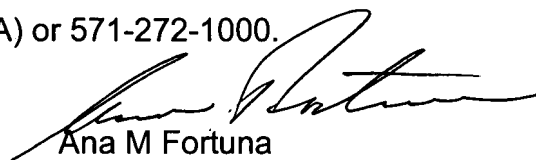

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
